F. A. W. DAVIS OPPOSES FIXED RATES FOR SPRINKLERS.

Thinks the Water Passing Through Automatic Attachments for Fire Purposes Should Be Measured.

DETROIT, June 25.-The American Waterworks Association decided to-day to hold its | nary mob that released the man who murnext convention in St. Louis in 1904. The afternoon session was a general discussion between the members of the association and representatives of fire insurance companies from all parts of the United States. F. A. W. Davis, of Indianapolis, a member of the association, declared in favor of the meter attachments to all private fire protection pipes used in factories and large business establishments. He voiced the sentiments of the association when he declared that automatic sprinkling attachments for fire purposes should be governed by the water meter. By so doing, water companies are protected in case the consumer desires to make a connection with his sprinkling pipe for other uses than fire

An extra session was called this evening for the purpose of listening to papers that were left over from previous sessions. Dow R. Gwynn, of Terre Haute, Ind., discussed "Plumbing Rules and Regulations." He advocated the imposition of fines on plumbers who violated rules and said the public should be protected by compelling all plumbers to take out licenses.

### The Harrison Memorial.

The subcommittee of the Benjamin Harrison Monument Association, consisting of John B. Elam, Mortimer Levering, John W. Kern, H. J. Milligan and Charles W. Smith, selected to consider the question of location and form of the Harrison memorial, has not reached a conclusion as to where the mon-ument shall be placed, or as to what type shall be chosen. St. Clair Park, University Park and Federal square are the sites being discussed. One of the three will, in all probability, be chosen, and the choice is said to lie between University Park and Federal square. The committee is inclined to look with favor on the idea of having a shaft surmounted by a statue executed in memory of President Harrison.

CORWELL TO HAVE HEARING

6% INDIANA MAN WHO IS CHARGED WITH BEING A LYNCHER.

> Charge of Murder to Be Changed Manslaughter-Governor Hunn Denounces the Mob.

WILMINGTON, Del., June 25.-A riot broke out in the streets late to-night between whites and negroes and for a time assumed serious proportions. The arrival of a squad of police, however, quickly dispersed the participants. Two arrests were made. A large gang of negroes, which had been marching up and down Ninth street, was challenged by about twenty-five white men, and in the fight that followed a hundred shots were exchanged.

A squad of policemen under Captain Evans and Sergeant McDermott charged the mob. The negroes and whites fled, but the police captured two negroes, Leander Moore and Joseph Shockley. The policemen used their clubs freely and in the melee attendant on the arrests McDermott and Patrolman Green received slight wounds. One negro, James Mercer, was shot in the head during the riot, but his wound is not believed to be serious.

In a brawl in another part of the city William Cramer, a negro, was shot in the stomach by a white man. He was taken ! to a hospital in a serious condition.

The leaders of the party of negroes who were marching in Ninth street to-night declared that they intended to resent the attacks made on members of their race last night. They say they have been abused and that they do not intend to quietly submit to such abuse. They say they have no sympathy for George F. White, the negro who was lynched for murdering Miss Helen

Arthur Corwell, of Indiana, who was arrested in connection with the lynching, will intention of the police to give him a hearing this afternoon but for some reason was postponed. At the hearing tothe charge of murder will be changed to that of manslaughter. Corwell's bond of \$5,000 was renewed, Thomas Mc-Hugh, a wholesale liquor dealer, and Col. James P. McComb, a capitalist of Clay-

I have come here against my physician's orders to get a grasp on the situation. The way things have progressed is most serious; what has been done so far by mobs I do not think could have been prevented by the authorities, but a halt must be called in-stantly. After hearing of the mob's work last night in forcing the release of the prisoner, I felt that I could not stand back any longer. The fair name of Delaware has been dragged in the mire. It was no ordidered Miss Bishop. The crowd seems to have been composed of good citizens. The effect of their work has been disastrous. MONTGOMERY, Ala., June 25 .- In response to a telegraphic inquiry as to his opinion of the failure thus far to arrest and punish the members of the Wilmingon, Del., mob which burned at the stake George White, the negro, Governor Jelks replied to-day to a Philadelphia paper as

NEW YORK, June 25.-Bishop J. A. Hardy, president of the home and foreign mission department of the African Episconal Church, refused, at the annual meeting of his department in this city, to entertain resolutions relative to the Delaware lynching. One of the officers had drawn resolutions denouncing the barbarity of the negro burning, but they were not entertained by the bishop. In explanation he said: "Resolutions will do no good. Let the law take its course. It may not, from this incident, seem so, but right will prevail, justice will be done and righteousness triumph.

Special to the Indianapolis Journal. WASHINGTON, June 25.-Postmaster General Payne did not appear at the department to-day. He is very much fatigued as a result of his arduous labors of the past few weeks. He conferred with several callers and transacted considerable official business at his rooms in the Arlington Hotel. The postmaster general will attend to-morrow's Cabinet meeting, after which President Roosevelt will leave for Oyster Bay. In the absence of actual news developments there is considerable gossip relative to the investigation. Former Postmaster General Charles Emory Smith had a short talk with Mr. Payne to-night. It is assumed that the conference related to Mr. Smith's forthcoming statement relative becoming general, even among administration critics, that the President and the postmaster general are in full accord in the policy with reference to the postal scandal. The President does not believe that corrupt practices in the department, on which criminal proceedings are stopped by the statutes of limitation should be flaunted in the face of the public. The administration is punishing its own criminals. The point is made that it can do no good to peer into the past, especially as the cor-ruption now known to have existed heretofore traced to Democratic as well as Republican administrations, and especially in view of the fact that criminal prosecution is not possible at this late day. The purpose of the administration as outlined by a prominent official to-night is to unpeculation or bribery wherever it is found in the department and wherever it is possible to base successful criminal prose-The postoffice investigation is in direct charge of Postmaster General Payne, as it has been from the beginning. The question is such an important one that the President and his Cabinet are consulted from time to time, as is customary in

Postoffice inspectors are gathering evidence in at least six or seven cases of alleged fraud against the Postoffice Department, which will be presented to the grand jury as soon as the government officials are satisfied they have a strong enough case to obtain indictments. These cases have come to light since the recent investigation into postal affairs has been under way. It ossible to obtain any information as to the identity of the persons whose acts are under investigation as the officers having the cases in charge will not give any intimation regarding them.

The President's interest in furthering the rosecution of the guilty parties was manifested in a long interview he had to-day with Attorney General Knox, who called with Holmes Conrad, formerly solicitor of the Department of Justice, who has been appointed one of the special attorneys to assist the government in the postoffice

The singing last night was the best has been, the young voices ringing out in strength and sweetness. The quartet of the Edwin Ray M. E. Church also sang several solos. The subject of Mr. Lyon's sermon was "One Thing Thou Lackest," his lesson being based on the rich young ruler who came to Christ. Thomas A. Wynne, chairman of the Council committee on investigation and impeachment, laughs at the story that the investigation of the charges against Edwin D. Lodgson is being held up. "The statement is too ridiculous to answer," said Mr. Wynne yesterday, "and no sensible person will give it the slightest credence.
